

nexi Desk POS Desk 5000

The next generation of card acceptance

Visually appealing terminal with a clear operational structure and the latest technology. Powerful and fast transaction processing combined with the optional processing of bonus and loyalty cards take processing payments and make it second nature.

**OPTIONAL SETTLEMENT
OF BONUS AND
LOYALTY CARDS**

With the high-resolution touch display and the clear operational structure, the Nexi Desk POS Desk 5000 supports you in your daily card payment business. With the customer-friendly positioning of the contactless reader, even payments made with NFC-enabled smartphones are easy to manage. It can be installed flexibly at changing locations thanks to the option of communication via Wi-Fi. The fast processor and the large memory ensure that your terminal is secure over the long term.
