

nexi Integrated POS Pad Next

The right solution for every business

The Nexi Integrated POS Pad Next is the visible star of your checkout or reception. With a PIN pad, large display and well-positioned contactless reader, the modern payment terminal facilitates a quick and easy payment process.

**FOR RETAIL
AND HOTELS**

With the clear operational structure, the Nexi Integrated POS Pad Next supports you in your daily card payment business. The high-resolution touchscreen display makes signature capture simple and the optimally positioned, illuminated contactless reader supports convenient payments – even with NFC-enabled smartphones. The connection to your checkout system is via ZVT or O.P.I. interface. With a fast processor, large memory and an additional integrated Wi-Fi module, the card reader is fit for the future.
